

## From the District Editor's Desk

Dear Inner Wheel Sisters,

Thank you for being a beautiful part of my wonderful journey as District Editor.

It was a golden opportunity for me to get enriched with so many new friends. The memory of these days will always be cherished by me. I can never forget the two events of my district that bonded us together...we danced together....Sang together.... sharpened our editorial skills together even though we could not meet physically. All the experience sweet or bitter in Inner wheel made me grow a better person.

I congratulate all of you and thank you for all the work done by you all in such a difficult time. As Innerwheel always preaches friendship and service as our purpose, all the clubs have proven it true by their amazing social work.

The wheel of time never stops, even in the toughest of conditions like covid-19, we did not stop and truly lived our IIW Theme LEAD THE CHANGE. Aptly we call year 2020-21, the year of webinars and leaders are those who have adapted themselves with the new normal situation and have become technosavvy. We conducted many virtual and few physical programmes, taking care of the educational, medical and social needs of the poor in society. Reaching out to them gives us a sense of satisfaction and our efforts were appreciated by one and all.

I tried my best to make this journey enjoyable and interesting for all of you. The support and guidance of our District Chairman Ina Purohit ji at every step, and the support of the entire District Executive Members have always inspired me to work harder.

The glory of our district our respected PDCs have always graced me with their experience and blessings. All the club presidents and all the club executive members and all the club members have done a great deal of work in this tough year and deserve to be applauded.

Thank You all for the support.

मायने यह रखता है कि आप रुके कब तक नहीं।"

## DISTRICT CHAIRMAN SPEAKS

Dear Friends

Warm Inner Wheel Greetings!

First of all, I welcome you all to the 36th District Assembly "Insha ...the Origin". I congratulate District Editor Anjana Bhamra for bringing out this District Chairman's News letter during District Assembly. District Assembly is a time for change of guards, when we indulge in celebrating the past achievements & prepare for the advents for the coming year. Friends! time has come for celebration of the goals achieved during this pandemic Covid-19, opening the doors of new possibilities, new horizons, new heights that lie ahead.

First of all, I would like to thank God for making me District Chairman during this pandemic year. When I was getting ready to take over, I never thought there can be any other way to deliver my duties as District Chairman. Today when I look back, I get amazed by the activities done in our District. But Pandemic happened and we had to find out ways to run Inner Wheel. But under the guidance of our innovative and dynamic Association President Mrs. Vasudhaa Chandrachud, like all my batch mates, I learnt to think out of the box. It became my passion to tackle the challenges and to begin with, I came out with innovative videos on Inner Wheel. I realized the power of virtual meetings.

We could communicate on daily basis which was impossible in previous days. With more interaction, I could pass on my ideas in much better way. My Presidents enthusiastically accepted the change and did extraordinary work as never before. Today I gained more than I lost.

I feel blessed to be the District Chairman of Inner Wheel District 326 during this time of crisis of PANDEMIC COVID-19. Each and every Day was a challenging Day and a learning Day for me. All of this would not have been possible without the support of the Change making leaders (Presidents & their teams). Each one of them has contributed for Inner Wheel and have given their best to move the wheel ahead in this critical period creating a number of histories. Each day of the year has been a challenging & rewarding experience for me.

This Pandemic has taken away two of our Eminent Past District Chairmen, PDC Mrs. Prativa Patnaik & PDC Mrs. Puspallata Mohanty and few members from all of us. My heart goes out when I think of these irreparable losses of Inner Wheel District 326. May God give strength to their families & us and may their noble souls Rest in Peace.

I received abundant warmth, friendship and love in all the clubs that I visited and every member I met, all through my travel throughout the District during this pandemic year. I cherished every moment of the hospitality, love & affection extended to me. The enthusiasm & affection of the club presidents, office bearers and members will remain with me as a life time treasure forever.

I am extremely delighted to be able to lead a team of 58 delegates to the first ever virtual 18th IIW Conference.

I am obliged to my change making team of EC members, galaxy of PDCs, Zonal Coordinators for their constant encouragement, involvement and support. I am thankful to my Family and husband Er. Bighnaraj Purohit without whose support I couldn't have sailed this boat of journey so smoothly.

Now the time has come to handover the baton of leadership to the new team of office bearers. My heartiest Congratulations to Incoming District Chairman Manisha Srivastava and her team of office bearers for the year 2021-22. I wish you all an eventful & fruitful year ahead.

If We Can Dream... We Can Do It

Thank You
